Weston-super-Mare is a great seaside resort. The wide sweep of Weston Bay has miles of clean sandy beach, traditional seaside attractions and beautiful countryside and coastline to explore. Despite the devastating fire on the Grand Pier, part of the pier is still open to visitors. As well as enjoying the attractions at the landward end of the pier, visitors can also walk along most of the length of the pier deck and see for themselves the effects of the fire on the pavilion building and the reconstruction works. All through the summer the amazing Sand Sculpture Festival takes place on the beach with incredible sculptures carved out of Weston sand.
